

The Honorable (full name)

Nevada Assembly

401 South Carson Street, Carson City, NV 89701-4747

Dear Representative (last name):

I am writing in support of the Nevada Historical Society's acquisition of the Nelson building, the former Reno Gazette Journal Building, in downtown Reno. The Nevada Historical Society needs a larger, centrally located building to continue to serve the public, provide educational resources and experiences, and ensure access for all.

There is no history museum in downtown Reno, and the current location on the University of Nevada, Reno's campus severely limits access to the wealth of resources and opportunities the Nevada Historical Society provides.

Thank you for your consideration of my viewpoint on this matter. I believe this is an important issue, and would like to see legislative support for the Nevada Historical Society. In doing so, this supports all of your constituents—the local communities and the state of Nevada as a whole from now into the future.

Sincerely,

Your name
